REAR END

Foremost, Wagon Ran Away.

Odd Accident Enlivened an American Citizen.

A lone wagon, dashing rear end foremost, down East Market st., Friday afternoon about 3 o'clock at a great rate of speed, served to dispel the tedium caused by the monotonous falling of the rain, and incidentally caused one American citizen to step livelier than he has ever stepped before.

The wagon belonged to Mr. A. B. Smith, the piano dealer, and was attached to the rear of another wagon. The straps broke on the East Market street hill, near High st., and the wagon started on its wild career.

At the southwest corner of Market and Howard sts., a man stood watching the runaway, apparently spell-bound by the novelty of the scene. When the wagon reached Howard st., it started toward the man with a vengeance. He turned quickly and dashed down the steps just north of Greenwood Bros. store, and sought shelter behind the iron fence. A telephone pole, however, stopped the wagon, and the man was saved, likewise the iron fence. The wagon was considerably damaged.

COFFEE PHILOSOPHY.

Don't Blame the Doctor.

The most dangerous false friend is the one that under the guise of friendship, day by day insinuates himself into your good graces and takes advantage of the association to do you harm; that is exactly the position of coffee. It enters your system under the guise of a warm, close friend and slowly, day by day, works away at your destruction.

Why this should be no one can say, but it is a fact nevertheless. Hundreds of thousands are testifying of the terrible straits that coffee drinking has led them into.

In our clearer moments we know that health, bounding, perfect health brings with it the poise of nerve and clearness of mind that makes us kings instead of slaves, and brings a heaven on earth to us.

Through the very perversity of mankind, showing the elements of a tangible demon, we perish in taking into mouth and stomach the false friend even after we know it is working to throw us out of the peaceful heaven of health, and set up within us that condition of disease that the nerves show variously in dyspepsia, heart trouble, kidney trouble, etc., etc.

The patient physician who has, for years, been explaining to different people under his care the powerful effects of coffee on highly organized persons, finally becomes a big careless and feels that he can only point out the facts and then let patients go their own path. Their very perversity will make of them slaves, and they follow the habit with the blind, dogged fatalism that cannot be understood.

Coffee "soaks" them certain and sure, and when they are hit hard enough they finally come around to the point where they are forced to give it up, then Postum Food Coffee comes as a relief in the time of desperate trouble. It requires no effort to slip off coffee drinking for well made Postum, and the change in health is something miraculous in many cases.

phone pole, however, stopped the wagon, and the man was saved, likewise the iron fence. The wagon was considerably damaged.

Of Soupy, Dripping Mud.

Barberton's Streets Look Like Old Times.

Assurances That Pavements Will Come This Year.

(Special Correspondence.)

Barberton, March 29—There are certain qualities of Barberton mud, which are not to be found in the mud of any other place in Summit county. It has a peculiar, soupy quality all its own, and the heavy traffic which is constantly carried on over the main streets causes it to achieve an almost alarming depth on the approach or arrival of wet weather. Barberton, just now, is a sea of mud, and the prospects are that the condition will become worse instead of better during April. The village fathers remember that the paving of the main streets was postponed time after time, on various excuses for various reasons, and there is now a fond regret in many circles that the winter was allowed to pass without the main streets being paved. This much needed improvement is promised for this year, without fail.

Surprising Results.

Simple Internal Remedy Makes Remarkable Cures of Catarrh.

People who have used sprays, inhalers, salves and washes for catarrh and have found how useless and inconvenient they are, will be agreeably surprised at results following the use of a pleasant, internal remedy in tablet form; druggists everywhere admit that Stuart's Catarrh Tablets, which

they sell at 50 cents for full sized treatment is the safest, most effective and popular of all catarrh remedies.

Nearly all cheap cough mixtures and throat lozenges contain opiates; these cheap medicines give a temporary relief, especially with little children by destroying nerve sensation; the irritation in throat, which causes coughing is temporarily removed, not by removing the cause but by deadening the nerves of feeling the irritation is not felt although it is still there and will promptly return.

Stuart's Catarrh Tablets is the best remedy to remove catarrhal secretion, whether in the nose, throat or stomach because they are composed of wholesome antiseptics—Blood root, Red gum from Eucalyptus tree, etc., when you use these tablets you know what you are putting into your system and not taking chances with cocaine, opiates or similar poison found in so many catarrh cures and cough medicines.

Dr. Ramsdell, in commenting on catarrh cures, says: "I can heartily recommend Stuart's Catarrh Tablets, because they contain no cocaine nor other dangerous drug found in so many advertised catarrh cures. I have known of many cases of long standing catarrh of the head and throat completely cured by the daily use of these tablets for several weeks. One case in particular, which I could not reach with an inhaler or spray, and where the catarrh caused daily headaches and a noticeable loss of hearing was entirely cured by this harmless but effective remedy."

Dr. Wainwright says: "I never hesitate to prescribe Stuart's Catarrh Tablets for catarrhal headaches and catarrhal deafness because I know them to be perfectly safe for child or adult and have seen many remarkable cures resulting from their regular daily use; because they are advertised and sold in drug stores is no reason why any good physician should not use them because we should seize upon the means of cure wherever found."

Stuart's Catarrh Tablets are especially valuable for catarrhal colds in children because they are pleasant to the taste and may be used freely to break up severe colds and croup at the very beginning.

CONSUMPTION Preventable and Curable

All people who are apparently marked as prospective victims, or are persistently pursued and persecuted by the wasting ravages of Consumption, should come to a realization of the fact that this dread deputy of death can now be met and overpowered by modern scientific means of both prevention and cure.

The onset of the disease may be blocked and the actual malady itself may be successfully vanquished by well-tried means within the reach of all threatened or real sufferers who will write and obtain free samples of the most potent preventive and curative remedies today to be had in the whole world.

Since the free distribution of these truly wonderful remedies began over 40,000 fewer consumptives' graves have been dug annually in the United States. The defeat of this stalwart deputy of death in recent years has materially raised the average of human life.

Timely use of these free preparations—four in number—prevents and

cures not only consumption, but all forms of wasting human maladies. THEY ARE NOBLE FAMILY REMEDIES FOR THE AILMENTS OF DELICATE WOMEN AND CHILDREN.

The faintest forerunner of consumption should be regarded as a cue to obtain these free medicines without delay. Write for them at once if you observe such symptoms in your case as: Chronic Catarrh, Lung Pains, Cough or Imperfect Respiration, Weakness after Grip, Pneumonia or Lung Fever, Sore Throat, Hemorrhage, Defective Nourishment, Blood Taint, Wasting of Flesh, Anemia or Blood Impoverishment, Night Sweats, Pallor, False Rosy Flushes, Periodical Fever, Rapid Pulse, Recital and Glandular Abscesses, Unaccountable Fatigue, Suppressed Functions, Sinking Spells, Heart Flutterings, Nervous Chills, or any other symptom which shows that the powers of the body are becoming less able and less likely to resist disease.

THE STRAIGHT WAY TO HEALTH FOUR FREE TRIAL REMEDIES

The liberality of the great New York scientist physician, Dr. T. A. Slocum, is responsible for the fact that the Four Great Remedies are free to those who need their preventive or curative powers. They are prepared in the doctor's great laboratories in New York city, and are sent with full directions for use upon application. The first of these free preparations is the best EMULSION of Cod Liver Oil in combination with Gualaol, known to pharmacy—a protective, rebuilding Food Medicine of great power. The second is COLTSFOOT EXPECTORANT, a cough remedy of unmatched curative properties. The third is PSYCHINE, a reconstructive, restorative TONIC of marvellous revitalizing properties. The fourth—OZOJELL—is a certain
